

# Bekhruz Makhmudov

## Founder & Team Lead · Senior Flutter Developer

Tashkent, Uzbekistan    [makhmudovbekhruzish@gmail.com](mailto:makhmudovbekhruzish@gmail.com)    +998 99 702 56 70    [bekhruz.info](http://bekhruz.info)    [LinkedIn](#)    [GitHub](#)

### SUMMARY

Software engineer and founder with 7+ years of experience shipping cross-platform mobile apps and the backends behind them. I run Norlas, a Tashkent-based software studio, and lead a mobile team at Jafton.com — combining deep Flutter expertise with solid Java (Spring Boot & PostgreSQL) backend engineering and hands-on iOS work in Swift. I care about products that feel fast and effortless, and I build AI-accelerated workflows that let small teams deliver at an uncommon pace.

### SKILLS

- Flutter
- Dart
- Bloc
- Firebase
- Swift
- Kotlin
- Java
- Spring
- SQL
- Git

### EXPERIENCE

Founder & CEO

Feb 2025 – Present

[Norlas](#) · Part-time · Tashkent

- Founded Norlas, a Tashkent-based software studio building its own consumer and B2B products.
- Set product strategy and lead engineering across mobile, web, and backend.
- Own products end to end — architecture, delivery, CI/CD, and operations in production.
- Built an AI-accelerated development workflow that lets a small team ship at startup speed.

Mobile Team Lead

Jan 2025 – Present

[Jafton.com](#) · Full-time · Remote, Tashkent

- Overseeing a team of Flutter developers to deliver high-quality cross-platform applications.
- Defining mobile architecture and best practices.
- Coordinating with product owners, designers, and QA to align on requirements and timelines.
- Mentoring and upskilling team members.
- Driving CI/CD adoption, code reviews, and performance optimizations to ensure timely, maintainable, and scalable app releases.

Senior Flutter Developer

Apr 2022 – Jan 2025

[Jafton.com](#) · Full-time · Remote, Tashkent

- Architecting scalable, maintainable cross-platform apps for diverse clients.
- Designing and implementing reusable UI components.
- Integrating RESTful APIs and third-party SDKs.
- Mentoring junior developers.
- Enforcing code quality through unit/widget tests and thorough code reviews.

Senior Flutter Developer

Nov 2021 – Sep 2025

[East Telecom](#) · Part-time · Remote, Tashkent

- Architected and built the Neva e-commerce app: product catalog, shopping cart, secure payments, order tracking, and push notifications.
- Built a comprehensive HRMS: employee directory, attendance & leave management, and reporting.
- Delivered modular, testable Flutter code integrated with backend services.

## Flutter Developer

May 2020 – Jul 2021

Multicard([multibank.uz](#)) · Part-time · Remote, Tashkent

- Developed core features for a secure Flutter-based mobile banking app.
- Implemented biometric onboarding, account dashboards, transaction history views, and funds-transfer screens.
- Integrated reusable, testable UI widgets with REST APIs.
- Ensured quality through unit and widget tests.

## Java/Flutter Developer

Aug 2019 – Apr 2022

[zip24.com](#)([shipox.com](#)) · Full-time · Office, Tashkent

- Designing RESTful APIs for order processing, driver assignment, and delivery tracking.
- Building Flutter interfaces for dispatchers and drivers.
- Optimizing order-creation workflows.
- Integrating Solr for advanced search.
- Authoring PostgreSQL scripts to transform and migrate data, all reinforced by comprehensive unit and widget tests.

## SELECTED PROJECTS

---

**ARIES – Chat & Meet on a Map** — Anonymous chat app where live conversations happen right on a world map.

**IZI Study** — Language-learning app for Russian, English, German, French and Arabic.

**Multicard** — Banking app with card management, payments and money transfers.

**Hisobot.com** — Business management app with tasks, calendar, HR tools and Telegram integration.

**Maak - معك** — Telemedicine app for family medicine and mental health consultations.

**Neva** — Family marketplace app with a wide range of products from A to Z.

## EDUCATION

---

**Bachelor** — Tashkent University of Information Technologies

Sep 2018 – Jun 2022
